## Back-of-the-Envelope China App Store Revenue Forecast

China App Store Total Quarterly Revenue (USD millions)  
Estimate 2010-Q2 2012, Forecast Q3 2012-2013

Basic scenario based on iOS device growth projection and constant revenue per device\*

\* The basic scenario is based solely on the growth in number of iPhones in use in China (end of year figures: 2011: 16m; 2012: 35m; 2013: 63m). Other types of iOS devices are assumed to grow at the same rate as the iPhone. Average app spending per device has been assumed to remain constant at the Q2 2012 level.
